

Drawing

A FUNDAMENTAL FOUNDATION

Instructor - Jennifer Campbell Cormack
Fourteen Week Course

*Studio Location: Calvary Chapel
at Pathways for Scholars*

Tuesdays: September 2 - December 16, 2014
(we will not meet October 7 and November 25, 2014)

This course will embrace the fundamental importance of drawing—seeing. Only through the lens of instructed vision can the artist truly begin to record images and arrange compositions with a thoughtful eye. The intellect alone does battle with the hand in conveying visual perceptions. We will work on the nuances and delights of positive/negative space and its implications for design arrangements.

\$45.00 Supply Fee (for returning students, supply fee TBA)
